

Darren Horn

NCCP Level 3
Performance Coach
(Certified)

Darren grew up in Yellowknife and graduated from Sir John Franklin High School, where he picked up volleyball at 15 - It quickly became a lifelong passion!

He went on to play for the Mount Royal College Cougars, helping the team bring home a bronze medal at the CCAA Nationals.

Over the years, Darren has been involved with Team NT in just about every way—player, official, coach, and volunteer. After multiple knee surgeries forced him to step away from playing, coaching became his main focus.

He's coached Team NT girls at many National level events and in 2023, was selected by Volleyball Canada to be an assistant coach with the youth national team. That summer, he trained with the team and helped them earn a bronze medal at the Canada Cup.

Darren loves coaching and being part of each athlete's journey. He's passionate about helping players succeed both on and off the court—and believes volleyball is a great way to build confidence, teamwork, and other life skills that go far beyond the game.
