

Hey everyone,

I wanted to share that I'll be putting my name forward for Umpire-in-Chief of the DESL.

After 13 years in this league, including 8 years on the Board, I feel I have the experience and understanding to take on this role. Having served as President, Registrar, and a team Captain, I've had the opportunity to see the league from different perspectives and understand what it takes to keep things running smoothly.

The DESL has been a big part of my life over the years. I've put a lot of time and effort into this league, made some great friendships, and genuinely care about where we're headed. I'm not running because I think everything needs to change, but because I believe there are ways we can improve and continue making this a great league for everyone.

If elected, I want to focus on making our umpiring more consistent, supporting our umpires, improving communication, and ensuring that the rules are applied fairly to every team. We may not always agree with every call, and that's part of the game, but we should all be able to expect fairness, consistency, and respect from everyone involved.

My goal is simple: to build a stronger umpiring program that benefits the entire league. That means giving our umpires the support they need, reducing unnecessary conflicts, and making sure every team has a fair and enjoyable experience on the field.

I've always believed that the success of this league comes down to the people who volunteer their time and care enough to make it better. I'm proud of what I've contributed so far, and I'd welcome the opportunity to continue giving back in this role.

Thanks for taking the time to read this. I appreciate your support and hope to have the opportunity to help make our league even better moving forward!

Thank you,

JayKor
