The lower-seeded team will host Game One, and the higher-seeded team will host Game Two and the mini-game, if required.

Game Two of each series must be scheduled in a minimum three (3) hour time slot to allow for completion of the mini-game and sudden-death overtime if necessary.

2. Amendment to U11A Playoff Format

Revise existing U11A playoff wording to:

43(c) U11A playoffs shall consist of a tournament-style series predetermined by the TCHL.

(Rationale: Aligns with Hockey Saskatchewan requirement for tournament-style playoffs at U11.)

3. TeamLinkt Usage & Game Sheet Compliance

Add new clause under League Operations / Game Reporting:

All member teams are required to utilize the league-approved platform (TeamLinkt) for game scheduling and electronic game sheets.

Constitutional change #1

Current: 42-c, 42-c-ii

C. There will be two season formats to follow including regular league play and showcase play. Neither format changes playoff structure allowed or determined by Hockey Saskatchewan or the TCHL

i. Regular season play will consist of one game played per day (under league approved game time allotment) as per the scheduling reasons. If both teams are in agreeance, a second game can be played that day in the same center as the host center for that given day.

ii. Showcase play will consist of each team playing two games (under league approved game time allotment) on a Saturday in a given host center and then returning the same day to their own center. The Sunday of the game weekend, the teams that hosted on Saturday will travel Sunday to play two games in another center. It should not be expected for anytime to stay overnight to accommodate any game time organized by the host team unless agreed upon by both teams. There will be one showcase per month (November, December, January, February).

Amend to: 42-c-i, omit 42-c-ii

C. Regular league play will be the only season format for all divisions.

i. Regular season play will consist of one game played per day (under league approved game time allotment) as per the scheduling reasons. If both teams are in agreement, a second game can be played

that day in the same center as the host center for that given day. You are not permitted to play in two different communities on the same day unless approved by both teams and the TCHL.
