

CALGARY BUFFALO HOCKEY ASSOCIATION

RELEASES AND REFUND POLICY

It is the CBHA's intention that all members be treated in a fair and consistent manner with regards to annual team fees and operational "Cash Calls". Below is a list of policies that apply to most mid-season disruptions due to injuries or other unforeseen incidents outside of player (family) or CBHA control.

RELEASES

Once a player is registered (added to a Team Roster) on a CBHA team, the family has committed to paying the full registration fees. If a player chooses to leave after the roster is finalized, the CBHA has the right to refuse the players release and will put a block on their HCR ID until registration is paid in full.

In the event of extenuating circumstances, such as relocation, the CBHA Executive will review the case and decide if an exception to this policy can be made. The family must provide appropriate documentation to support their request.

REFUNDS

Players who experience a season-ending injury before December 31st of the current season will receive a partial refund. Refunds for cash calls related to such injuries will be determined by the CBHA Executive based on individual circumstances and whether funds have already been spent (e.g., Players' hoodies, toques, shirts, or team functions that have already occurred).

Refunds will be based on the following charts
