b) Budget 2025

- Jerrod has made a budget to work off to guide decisions/operating costs;
- We had a very successful 2025 season and can report the following financial information.
- Through our fundraising efforts we have built up a of bit of a cash reserve which will allow us to maintain some cash flow for misc. equipment upgrades and maintenance. The reserve funds will be used to maintain equipment and facilities so that our children continue to have quality facilities now and into the future. For the coming year we have planned for the purchase of movable pitching mounds so that our facilities are in line with those throughout the league.
