

CMAC Developmental Meet

September 12, 2026 | Battle Elementary School

Way to go CMAC for your first competitive run on the season! Great to see everyone, returners, and newbies from each team! The spirit sounded good, great support from the audience for ALL of the kids, and a positive environment. Yes, right now (and especially starting next week in Fulton), they are competitors. But, ultimately, for those that are interested... they are teammates in the post-season. CMAC wants to encourage each of the athletes to get to know others in their age group from other teams. Over the years, many friends have been made... several in college and beyond now that bonded through running. So, some efforts will be made to push friendships at some future meets.

We had a toasty day, but not as hot as some days have been recently. It started just right for this time of year, but got increasingly warmer, as it should for a morning race day. Temperatures ranged from mid 70's up through the mid to upper 80's. Wind was fairly calm for the most part. The season will by all means change though. Fulton is known for a wetter day and ground historically; and temps will drop a good share by the time we get to Moberly and the CMAC Championships in late October.

Remember that Saturday was the ONLY day that all age / gender groups will run the distances that they ran. Each group will be 1K longer than today for the rest of the season. 8U kids will run 2K, 9-10 & 11-12 kids will run 3K. The only exception will be the 13-14 year olds. Their distances will change to a 4K starting with the Hannibal meet. Usually that is a 2K loop repeated.

The kids looked competitive, and teams seemed together and full of spirit. Please keep this energy going forward. Fulton will have a course not as flat as what you saw in Columbia. Get your kids in the mindset that they have to FINISH their runs. It was noticed that many were either slowing down towards the finish, stopping right at the line or even not walking all the way through the chute to get their numbers recorded. So, please have that talk that they must go all the way through and with purpose. We also know that EVERY kid may not run all the way, and that some may feel they have to walk at times. But, please build in your practices that even if they think they may have to walk... their walk should not be a pity / quitter walk. Try to get them to do a faster walk so they can get their best time. It is difficult to get better when not pushing yourself, even in your down times. Just trying is the expectation. Although the distances change, big improvement is expected since there is some experience now. But the biggest jump should be from Fulton leading into the Mexico meet.

It was announced during one of the middle races on Saturday that Fulton begins when we have ADULT / NON-CMAC ATHLETE 2K RACES to begin the day. Any monetary donation to CMAC at the registration table, and signing the form can get you ready to go. This cannot be done online, just in person. It will be the first race of the day before the 8u girls 2K. We will have one of these at each of the races prior to the CMAC championships. All donations go directly towards the national trip for the CMAC All Stars in Cedarville, Ohio.

Thanks a lot.

Coach C. (The guy with the gun on the megaphone)
