

Fulton Classic

September 20, 2026 | Fulton High School

We are still feeling the heat at this point of the season. Usually by now there is a slight break from the type of temperatures that we felt on Sunday. It was a hot one, and some of that heat probably led to the number of walkers I was told we had. We did avoid the potential rain though! Hopefully next weekend things will feel better temperature-wise. Either way, keep your hydration going very regularly. Don't wait until practice or meet day to start drinking your water. This has to be a regular thing. When you wake, throughout the day, before bed, before performing.

It was good to see some competitive drive in the athletes on Sunday. There were a few changes in finishing order from the developmental meet, and that's a good thing. Fulton is a tough course, and I expect to see a big jump in improvement in Mexico. It isn't a simple course either, but it will be the second time that the athletes race at that distance. So, they should be adjusting to it.

Thanks everyone for providing a friendly and encouraging environment for the CMAC kids. Have an excellent week of practice, focus on getting better where you think you are the weakest. This may be your form, your start, your finish, your breathing, your foot strike, your hydration, your eating plan, etc... Also, start getting to know your other CMAC competitors. Don't forget, at the end of the season for those of you that are interested, they become your teammates. I plan to (although slightly started it yesterday) start having the runners socialize with other teams prior to races. So, expect to see that.

Don't forget we have a short turnaround this time with the meet being this approaching Saturday. Coaches, the deadline to have your spreadsheets in is Wednesday evening. We'll see you in Mexico! North Callaway has elected to not do an adult 2K as this is their first year hosting. They just want to keep it simple.

Coach C.
