3.1 CO-ED REQUIREMENTS AND TEAM LINEUPS

- a) Teams shall normally play with a goaltender and five other players on the ice at any one time. During regular play (unless playing short-handed as below), a minimum of two on-ice players, excluding the goal tender, shall be “female”.
- b) Five total players are required to start and finish a game, at least once of which must be a non goal tender “female”. A team may elect to play without a goaltender, but may only still field a maximum of three non goal tender “males”. Hence, the following combination are allowed as a minimum:
 - i. No goal tender, 2 females, 3 males
 - ii. No goal tender, 3 females, 2 males
 - iii. No goal tender, 4 females, 1 male
 - iv. No goal tender, 5 females, 0 males
 - v. Goal tender (gender agnostic), 1 female, 3 males
 - vi. Goal tender (gender agnostic), 2 females, 2 males
 - vii. Goal tender (gender agnostic), 3 females, 1 male
 - viii. Goal tender (gender agnostic), 4 females, 0 males
- c) Goaltenders are assumed to be non-gendered players; that is, they do not count towards a team’s Male or Female quota. A team is thus allowed to field four “male” players including the goaltender.
- d) In the event of a penalty to the goaltender, any player on the ice at the time will serve the penalty, irrespective of the gender of the goalie or the gender of the serving player.
- e) Each team shall indicate on its roster, those players present for the game. If it is not marked, then no player (other than those who got goals or assists) shall be indicated as present, and count towards playoff eligibility (see section 3.3). Teams shall indicate who is the goal tender for the game (if not indicated, it will be scored as “no goalie”).

3.2 PICK-UP PLAYERS

- a) If a team does not have the required number of players to complete its initial line-up, they may elect to “pick-up” no more than one player from another league team to play the game for them. The pick-up player can only complete a regulation team of five or six players.
- b) The pick-up player will not receive points towards their player league statistics.
- c) A Player may only be picked up once per team per season, and must be marked as such on the roster/game sheet with a “P” to indicate pick-up.
- d) If a regular team member for the team using a pick-up player arrives, the pick-up player must leave the ice surface. If the pick-up player is in the penalty box, he/she must wait until a stoppage in play before returning to the bench via the ice surface, then leave the bench.
- e) Teams are not eligible to pick-up players in the playoffs.

3.3 PLAYOFF ELIGIBILITY

The uniform consists of black pants, a CSA approved black helmet **with an approved half-facial protection** (wire of shield) as well as the official's black and white sweater. (emphasis not added, in rule book as shown).
