ROCKY STONE FIELD EMERGENCY ACTION PLAN

Version 1.1 4-May-2023

Rocky Stone Emergency Action Plan

Location: 81 Centennial Park Rd, Moncton NB E1E 2C2 (GPS: 46.08805010449187, -64.81405265946454)

Emergency Personnel: Medical Doctors/Team Physicians, Athletic trainer/First aider, Head Coach, Assistant Coaches, GMFA Volunteers

Emergency Communication: All emergency personnel will carry cell phones. We recommend at a minimum, the head coach of each of the teams carry a cell phone in case of emergency.

Emergency Equipment: Supplies and equipment brought to the field for games will include taping/bandaging supplies, wound care supplies, splints/immobilizers, injury ice and general medical supplies. An Automatic External Defibrillator (AED) is located in the Athlete building at the north end of the field, inside the west entrance in the team locker room.

Role of the First Responder:

1. Assess severity of injury and provide appropriate first aid as needed;
2. If life-threatening emergency present (unconscious, neck/spine injury, severe bleeding, not breathing):
    a. activate the emergency medical system (EMS);
    b. send for the AED if necessary;
    c. make sure someone is placed to meet and direct the ambulance;
    d. calm the athlete and continue to provide first aid as needed until EMS is on the scene;
    e. Complete the medical injury form to be submitted to the head coach
3. If life-threatening emergency is NOT present:
    a. Provide player with as much assistance as is needed to safely and quickly exit the playing field;
    b. Provide medical aid as required specific to the injury;
    c. Complete the medical injury form to be submitted to the head coach

Other Roles & Responsibilities:

The following roles and responsibilities are critical to the care of an injured athlete and should be assigned to a specific individual on the field prior to any practice/game:

1. If EMS is activated by the First Responder:
    a. Call 9-1-1: provide name; address; phone number; number & condition of injured; first aid treatment; specific directions to site; other information as requested;
    b. Direct EMS personnel (ambulance) to the scene;
    c. Retrieve AED if necessary / requested;
    d. On-field scene control: limit scene to emergency personnel and move bystanders including players away from the area;
    e. Call the parent / guardian of the injured player to advise of the situation and provide updates
2. If EMS is NOT activated by the first responder:
    a. Direct EMS personnel (ambulance) to the scene;
    b. Provide assistance to the first responder to move the injured player from the field of play;
    c. On-Field Scene control: Limit scene to emergency personnel and move bystanders including players away from the area;

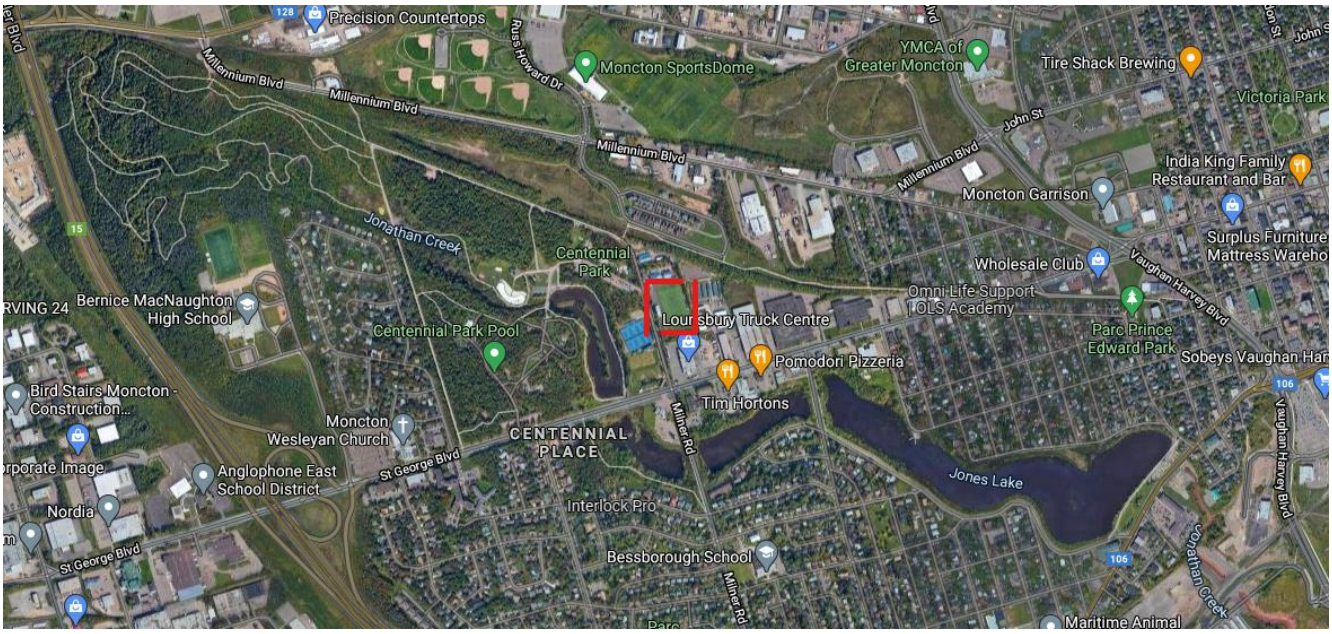

Emergency Chain of Command:

1. Medical Doctor/Team Physician; if available
2. Certified Athletic Trainer/Certified First Aider; if available
3. Head Coach
4. Assistant Coach
5. GMFA on field volunteers

6. Other athletes

Medical Emergency Phone Numbers: ** Call 9-1-1 for all medical emergencies**

Field Location: 81 Centennial Park Rd, Moncton NB E1E 2C2 (GPS: 46.08805010449187, -64.81405265946454)

Directions: Turn north onto Centennial Park Rd off St. George Blvd. Drive past the tennis courts (on the left) and take the first turn right into the parking lot at the north end of the football field. At the end of the first building, turn right into the laneway. There is a gate with access to the playing field.
